REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-17, 19-26, 28-75 and 97-119 are allowable over the prior art of record because the prior art of record does not teach a method or apparatus for ion texturing a noncrystalline surface wherein the first and second ion beam sources act sequentially on the noncrystalline surface.

Claims 120-191 are allowable over the prior art of record because the prior art of record does not teach a method of ion texturing a noncrystalline surface wherein the step of exposing the noncrystalline surface to the at least two ion beams is not carried out simultaneously with carrying out deposition on the noncrystalline surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
